MEMORANDUM FOR: Branch Chiefs and EC and Summit Country Analysts

FROM:

25X1

SUBJECT: Background Papers for 1987 Venice Economic Summit

1. Attached is the outline and format for the EC and Summit country position papers due  3 December.

25X1

2. All underlined section and sub-section titles should be worded and formatted as they appear on the outline. The "Other...Issues" topics can be handled in a more flexible manner, perhaps with a bold word at the beginning of a short para relating to the issue. The list is not necessarily exhaustive nor are all the items on it mandatory for each paper. If you have any recommended changes, please get them to one of us soon so we can get the word out to the other analysts.

3. Just a reminder: include under the discussion of each issue, when appropriate, how the respective government's view on the issue has or has not changed since Tokyo...what it has or has not done on the issue, etc. ( copies of the Tokyo communique.)

25X1

4. All drafts should be done on Host-Based WP.
